

2023 Year-End Report

This past year with Men and Women of Action has been nothing short of impactful. As we celebrated 40 years in ministry, countless lives continued to be changed through every project, whether international or stateside. Our volunteers have poured their hearts into serving others in places like Dundas Town, Bahamas; Lusaka, Zambia; Puna, Trinidad; Corning, California; Wittman, Arizona and Glen White, West Virginia just to name a few. Over 100 projects were completed in 2023 along with many, many others that are in progress and actively being planned. We are grateful for our growing number of volunteers each year. This year we received reports of almost 700 volunteers who participated in Men and Women of Action teams globally and in the U.S.

Some highlights from 2023 include:

- Building a medical clinic in Lusaka, Zambia
- Renovating Bread of Life orphanage and parsonage in Bucharest, Romania
- Renovating orphanage housing for Operation Smile in Puna, Trinidad
- Distributing over 500 food boxes, coats, blankets and toys to the community of Glen White, West Virginia

These highlights are in addition to the many repair/maintenance/construction projects for our churches and parsonages as well as for the elderly, widowed and handicapped.

In 2023, Men and Women of Action can report the following:

- Over 34,000 volunteer hours
- Approximately 700 volunteers
- Over 100 completed projects
- Over \$2.5 million saved in labor, materials and product

We are grateful for all God has done through our organization. We are incredibly thankful for all who support us through their time, talent and treasure. We covet your continued prayers and support in the years to come.

Blessings,

Phil Thompson, Director
Men and Women of Action
